TRIMBLE GEOSPATIAL

24 SEPTEMBER 2020

**TRIMBLE DISTRIBUTOR CONFIDENTIAL**

## TRIMBLE TDC100 END OF LIFE ANNOUNCEMENT

### Trimble TDC100 and its associated parts and accessories

This bulletin serves as a notification that the Trimble® TDC100 handheld data collector will now be considered End-of-Life and new sales will only be available while stock lasts.

All of the accessories for the Trimble TDC100 series are also going to End-of-Life status except for the external Antenna (p/n 109766). Changes go into effect SEPTEMBER 24th, 2020.

### TDC100 Replacement Products

The TDC100 platform addressed many market needs under its designed feature set. The majority of these product features and specifications are now addressed by other the Trimble handheld data collectors including:

- The [NOMAD 5](#) data collector, often paired with a Trimble [EMPOWER Module](#)
- The Trimble [TDC150](#) GNSS handheld data collector
- The Trimble [TDC600](#) handheld data collector

### TDC100 Affected part numbers

No new Trimble TDC100 products will be produced. Trimble will strive to satisfy customer needs in alignment with previously forecasted demands. Affected part numbers are:

Part Number	Description
107490-10	Trimble TDC100, 4G
107490-10	Trimble TDC100, Wi-Fi

### Support and Warranties

The Global Services team will continue to address the Support needs of the TDC100.

The standard warranty and as applicable, any extended warranty, will not be affected by this announcement
